Thank you so much for your recent donation of £600, please pass on my thanks to all pupils, teachers and staff that were involved in raising this amazing amount.

By schools like you supporting us we can continue to provide practical, emotional and therapeutic support to children and young people who have been impacted by a cancer diagnosis. We simply could not do what we do best without your support and fundraising.

I'd like to share with you a couple of comments we received recently from families after their stay in Daisy Lodge, our Therapeutic Short Break facility in Newcastle, Co. Down.

"Daisy lodge is one of a kind. I don't know where we would be had this not been available to us"

"Thank you very much for giving us this time to make special memories at a time that has been very difficult"

"Connecting with other families in the same situation is very important, it helps to understand that we are not alone"

These stays in Daisy Lodge were made possible thanks to you. Without your support, we couldn't help the 500+ families that desperately need emotional and practical support each year.
